between Acts 8 and the  
African missionaries?**

**1. The African church is driven by circumstance, not strategy.**

**African believers are moving across the world—for work, education, migration, family opportunities, or sometimes out of instability**

**2. The African believers GO with

# **Why are Africans often effective?**

- **Strong communal faith**
- **Christianity is lived, not just believed.**
- **Comfort with spiritual conversations**
- **Prayer, testimony, and Scripture are natural.**

# **Why are Africans often effective?**

- Resilience (flexibility)**
- Faith has been tested by hardship**
- Cultural adaptability**
- Africans often navigate multiple languages and cultures**

**God is in the  
business of  
moving the  
African  
church to  
reach the  
uttermost  
parts of the  
earth.**

**A faithful disciple making results in  
making Missionaries.**

Vérité, Lome Togo**

**Just as persecution scattered the early believers and turned movement into mission, the global migration of African Christians today is becoming one of the most powerful engines of gospel expansion in our time.**
